

Turn the plane around....change is in the fare.

Big changes are coming to the McCook Regional Airport. We are excited to announce that US Airways will begin service out of McCook on October 29, 2006. US Airways will be offering daily flights to and from Omaha, Nebraska and Kansas City, Missouri. Best of all, you can save over 50% on air fares.

With a new carrier, new planes, new destinations and new fares, the Air Marketing Committee along with US Airways will host a tail gate party and ribbon cutting ceremony on November 4, 2006 at the McCook Regional Airport, with the time to be announced.
